

Most-talked-about family planning publications of 2024

Overview

Year after year, Society of Family Planning members (listed in **bold**) continue to publish the most-talked-about publications in family planning. The following list highlights the ten family planning publications released in 2024 that received the most attention in 2024 from academics, traditional and social media, and other sources, ranked in order of their Altmetric Attention Score on January 2, 2025. These publications were identified through a keyword search in Altmetric using the terms “abortion,” “contraception,” and “family planning.”

More information about the Altmetric Attention Score icons can be found on [Altmetric.com](https://www.altmetric.com). Previous lists of the most-talked-about family planning publications can be found [here](#).
