Conduct  
cutting edge  
research

**3%**  
Change the  
world through  
law and policy

- Obstetrics and Gynecology
- Pediatrics/Adolescent Medicine
- Sexual and/or Reproductive Health
- Family Medicine
- Internal Medicine

## We invite you to join us as a private industry partner and founding member of the Society of Family Planning Corporate Council.

The Corporate Council offers a unique platform for private industry leaders to collaborate directly with members of the Society Board. Collectively, you will advance a shared vision of just and equitable abortion and contraception, informed by science. Together increasing and sustaining access to this essential healthcare.

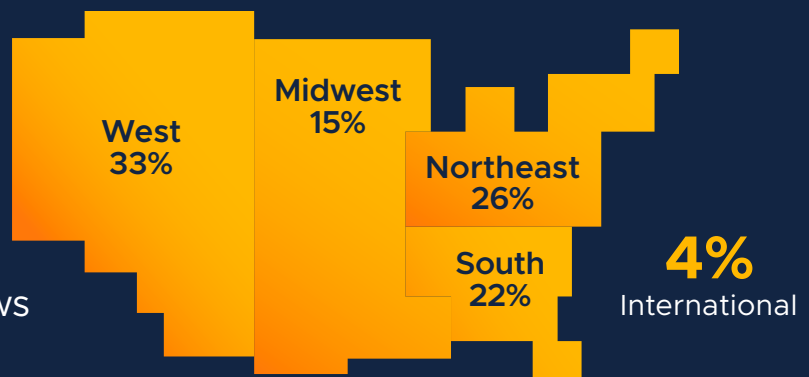

Private industry partners on the Council provide invaluable, real-world insights into market dynamics alongside forecasting emerging challenges and opportunities in healthcare delivery, including policy and regulatory considerations of mutual concern. They also provide vital support for the Society's critical programming and initiatives.

Society leaders on the Council provide clinical and scientific expertise, share early insights on emerging research and clinical practice trends, and help to ensure that industry collaborations align with the Society's mission and the needs of the medical and scientific community.

Society of Family Planning  
members = **1,800**

**14%** Students/residents

**28%** Current or graduated fellows  
in **Complex Family Planning**

## Corporate Council industry partner benefits

### Direct access to family planning experts

The Society will thoughtfully match you with a Society Board member whose interests and expertise align directly with your own to serve as a designated liaison. Beyond the Board liaison, Council members will have opportunities to engage directly with the entire Society Board and receive comprehensive support from the Society's dedicated staff.

### Industry collaboration

You will be able to forge valuable connections and partnerships to overcome complex challenges and identify novel growth opportunities across the family planning supply chain.

### Public recognition

As a valued partner and founding member of the Corporate Council, your organization will receive prominent acknowledgment:

- Exclusive invitation to the Corporate Council Luncheon at the Annual Meeting
- Prominent promotion at the Annual Meeting
- Acknowledgement on the Society's website and in the weekly newsletter
- Inclusion in Corporate Council promotional communications
- Acknowledgement in the Society's peer-reviewed scientific journal, *Contraception*
- Priority access to the Annual Meeting sponsor prospectus and exhibitor prospectus

### Engagement with Society members

You will have the opportunity to build direct connections with clinical research sites to accelerate groundbreaking family planning research. Corporate Council members will be able to showcase your product's value and improve patient outcomes through non-accredited educational programming for the Society's clinician network.

## Additional details

### Time commitment

The Corporate Council's primary in-person gathering is an annual luncheon held during the Society of Family Planning Annual Meeting. Throughout the year, members are invited to participate in optional, high-value activities designed to keep members engaged and informed. These opportunities may include exclusive panel discussions on emerging trends in family planning and collaborative problem-solving sessions to address critical issues such as regulatory challenges and market shifts.

### Membership fees\*

Annual membership = \$5,000

Two-year membership = \$9,500

\*Corporate Council dues paid to the Society may be tax-deductible.
